

## **Electric Mobility Work at WRI India**

Peer to Peer Learnings......

### #AccelerateEV

<u>The Electric Mobility Forum (EMF)</u> was inaugurated by the Hon'ble Vice President of India, Mr. M Venkaiah Naidu on March 28, 2019 during **Connect Karo**, WRI India's annual conference on urban transitions.

A platform designed by WRI India and supported by Shakti Foundation, EMF will bring together diverse stakeholders working on electric mobility in the country. The platform aims to convene and mentor stakeholders and scale up key projects on the ground in multiple states.

- . ARAI makes the bid for electric auto rickshaws

Past experiences should guide us in rolling out electric vehicles by Amit Shatt, WRI India

#### EV Feature

Six thoughts on india's mind when it comes to electric mobility by Neha Yadav, WRI India

#### FROM THE CEO'S DESK

The past issues of EVConnect received many praises and worthy inputs. The interest generated has excited us and we now look to expand the information we share through the 9th edition of WRI India's electric mobility newsletter. To do so, WRI India and Shakti Foundation have come together to jointly produce the EVConnect from this month onwards. WRI India is immensely grateful to Mr Krishan Dhawan (CEO) and Mr Vivek Chandran (Program Manager: Transport) of Shakti Foundation for their continued support to our work.

Developments are taking place at a very rapid pace, and it is often difficult to keep up with them. These are reported through multiple media channels and are hard to track. This newsletter seeks to bring together several of these developments into one accessible document. We hope this curated and compiled content will come in handy to those who are seeking the latest information on electric mobility

This edition of the newsletter includes a conversation with Mr. KR Jyothilal. Principal Secretary of Transport of the Government of Kerala. It also includes our take on the FAME 2 scheme. The feature highlights key insights from the electric mobility session held at Connect Karo, our annual conference that took

We hope you find this edition of the newsletter beneficial and share your thoughts so that we can improve further.

exclusively discussing insights from EV experts. We also present one hand picked video to showcase EV innovations from across the world.
